Contents

21 MAY 2025 / CRITICAL BATTERY MINERALS MARKET & PRODUCTION

01 The West Needs a Robust, Non-Chinese, Competitive Lithium-ion Battery Value Chain—Can it Be Done?

William Adams | Fastmarkets 6

02 Lithium Future: Opportunities & Challenges

Anand Sheth | International Lithium Association 31

21 MAY 2025 / RARE EARTH AND OTHER CRITICAL MINERAL PROCESSING

03 Continuing Developments at the Boland ISR Rare Earth Project

Robert Blythman | Cobra Resources 50

04 Process Design Addressing Challenges in Recovery of Rare Earths from the Songwe Hill Deposit

Elizabeth Ho | ANSTO 69

05 Mineral Characterisation of QEM's Julia Creek Oil and Vanadium Deposit

Unzile Arslan | University of Queensland 96

Contents

21 MAY 2025 / RARE EARTH AND OTHER CRITICAL MINERAL PROCESSING

06 McNulty Ramp-Up Curves of Critical Mineral Projects

Niels Verbaan | SGS 127

21 MAY 2025 / LITHIUM PROCESSING

07 From Alpha to Beta: Deciphering the Mechanisms of Spodumene Calcination

Bogdan Dlugogorski | Charles Darwin University 158

08 A Review of the Application and Potential for Ore Sorting to Upgrade Lithium Ores

Tony Parry | Nexus Bonum 192

09 The Production of High-Purity Battery-Grade Lithium Carbonate from Lithium Brine Sources

Nipen Shah | JordProxa 225

22 MAY 2025 / LITHIUM PROCESSING

10 Lewatit Ion Exchange Resins for Lithium Applications: Removal of Aluminium, Silica and Boron

Dirk Steinhilber | LANXESS 245

Contents

22 MAY 2025 / LITHIUM PROCESSING

11 Bulk Lithium Grade Measurement with Low Field Magnetic Resonance for Sorting and Monitoring

Peter Coghill | CSIRO 274

12 Novel Alkaline Leaching Processes for Petalite and Other Lithium Minerals

Tian Zhang | Metso 295

13 Continuous Ion Exchange in Lithium Processing: Direct Lithium Extraction and Refinery

Olga Yahorava | Clean TeQ Water 318

22 MAY 2025 / LITHIUM-BATTERY RECYCLING

14 Recycling Spent Lithium Iron Phosphate (LFP) Batteries: Pre-Treatment and Leaching Efficiency

Taufiq Hidayat | Institut Teknologi Bandung 341

15 The Future of Battery Recycling in South Korea: Government Policies, Industry Efforts and Technology

Mooki Bae | KIGAM 372
